

Tandembox intivo / antaro

Always different, always unique

TANDEMBOX intivo / antaro offers new versatile design and differentiation options. Available in Silky White or Terra Black, these colours and materials can be combined with individual design elements that are attached to BOXCOVER or they can be combined with BOXCAP, an extension that matches the drawer side. Rectangular rods may also be incorporated as railings as a design option. TANDEMBOX intivo / antaro sets creative statements by allowing a timelessly simple and uniform appearance to be created. All components come in the respective drawer side colour.
